

*Come one, come all,  
for a day of Spiritual Partnership & Celebration of Self*

**On Saturday June 23rd from 3pm to Dusk  
Nature's Intention invites you to  
our 2012 Labyrinth Solstice Celebration  
at 545342 Pattullo Ave, Woodstock**

The **Labyrinth** dates back to prehistoric time and is still being used throughout the world as a meditative and healing tool. When considering the labyrinth, there are two choices: walk it or don't walk it! If walked, it is meant to balance and harmonize the spirit. Nature's Intention offers its Labyrinth as a healing service open to the public.

**Awaken your senses and walk in partnership with other liked minded beings**

*∞ Opening ceremony 3:00pm*

Using her strong sense of humour and personal stories she will share some of her simple tips and tools to assist you in developing and strengthening your own spiritual connections. During the second half she will share any messages she receives from loved ones that are crossed over. [www.kerrilynnshellhorn.weebly.com](http://www.kerrilynnshellhorn.weebly.com)
